Please list any allergies to food, drugs, or materials and treatment necessary for these conditions:**

Please list any special concerns or other helpful information (diet, rest, exercise, fears, concerns, other preschool experiences):

Please note that if your child has allergies that are food related, we recommend bringing some clearly labeled, approved snack items to keep at school, should your child be unable to partake in the scheduled snack for the day.

***An Individual Action Plan for Children with Anaphylactics form may be required to be completed for serious allergies where an epi pen is required.*

Anaphylactic Policy – (FORM 1A)

Strategy to Reduce Risk of Exposure to Anaphylactic Causative Agents:

- . It must be noted that the site used for Hornby Nursery School (HNS) is a shared site, therefore we have no control over items brought into the facility during our non-use time.
- . HNS will ensure that all snack items served will be free of any anaphylactic causing agents (ie, peanuts, tree nuts, eggs, soy, shellfish, sesame seed, etc.) The list items will be revised as necessary depending on the life threatening allergies of children enrolled.
- . If parents choose, children with food allergies may provide their own snacks. These snacks must be in an individual container, labeled with the child's name. Containers should be placed on the counter in full view of the person responsible for preparing snack.
- . A list of children identified with food allergies will be posted in the kitchen, activity room and eating areas.
- . It is the parent's responsibility to provide a few 'fun' snacks in a sealed container with the child's name to be placed in the teacher cupboard. This is to ensure that the child can partake in special activity days or birthdays when an unsuitable snack comes in. The parent is also responsible to choose the snack on the special event day (if suitable) and place it in the child's container on the counter.
- . To ensure the safety of all children, on each duty day, duty parents will check the allergy list posted in the kitchen.

Communication Plan:

- . It is the parent's responsibility to inform staff of all known allergies at the time of registration.
- . HNS registration form will include a space to write in all allergies.
- . Children with anaphylactic allergies will be required to fill out an "Anaphylaxis Emergency Plan" form before they can attend school.
- . Beside the snack calendar will be the names of children with food allergies and a list of foods that must be avoided.
- . During orientation all families will be informed of any current food allergies in the school. A letter will be distributed to all parents with this information.
- . The school's newsletter will include a list of all allergies.
- . Parents providing snack will be advised to check labels and ingredients for anaphylactic causing agents.

Development of Child's Individual Plan and Emergency Procedures:

The parent/guardian and physician of an enrolled child with an anaphylactic allergy are required to provide input on the child's individual plan, including emergency procedures that include

- . A description of the child's allergy
- . Monitoring and avoidance strategies
- . Signs and symptoms of an anaphylactic allergy
- . Action to be taken by staff in the event the child has an anaphylactic reaction
- . Parent/guardian consent that allows the staff to administer the medication in the event their child has an anaphylactic reaction
- . An "Anaphylaxis Emergency Plan" form must be submitted and reviewed with the supervisor/teacher before child can attend school

Training:

Nursery staff, students, duty parents and volunteers will be provided with training from a physician or parent on the procedures to be followed in the event of a child having an anaphylactic reaction. This will include how to recognize the signs and symptoms of anaphylaxis and administer medication.

- . This training will be given at the September orientation
- . The "Anaphylaxis Emergency Plan" will be reviewed by staff and signed off on a bi-monthly basis. A copy of the plan and sign off sheet will be kept in the Supervisor's File.
- . New Volunteers, co-op students, ECE students, duty parents and support staff will receive training prior to their first day. No adult may begin their time at the school until they have received this training. I have read and understand the HNS Anaphylactic Policy. I agree to follow the procedures outlined in this policy. I agree to be trained in the recognition of signs and symptoms and the emergency procedure needed to be followed.

Playground Safety [Form 6A]

Procedure for moving children from outdoor playground to school:

On the playground the procedure is as follows:

- As children arrive, the first teacher (circle teacher) will greet and mark them off as present on the attendance sheet. She will supervise front of playground (bike pad and playhouse area). The second teacher will supervise the swing and sandbox area (or swing area in the winter).
- If a child needs to return to the classroom, the first teacher will call the duty parent on the phone to come and escort the child in.
- When the children are ready to go inside the school, the 1st teacher will count the children and they will follow her in.

Supervision: Procedure for moving children from outdoor playground to school:

- When it is time to come in from the playground, the duty parent will attach door to mailbox with a bungee cord. He/She stands at the top of the stairs and helps supervise the children as they cross from the playground to the stairs holding onto the yellow rope that is attached from stairs to fence.
- The first teacher (circle time teacher) will help the group of children cross over to the stairs and come into the school. She and the duty parent will wait in the cloakroom until the teacher is ready to go into the classroom. The 2nd teacher will continue to help the duty parent undress the remainder of the children.
- The duty parent will then tidy up the cloakroom and make sure all boots are against the wall and outdoor clothes are properly hung up in the appropriate spot for each child, and ensure doors are locked.
- The 1st teacher will do a head count when all children are in the classroom. The duty parent will then go into the classroom.

NOTE: During the winter months, please ensure your children are properly dressed for outdoor play. Outdoor play in the winter months is at the Teachers discretion, but they will definitely not be playing outdoor if the temperature is below -10 degrees Celsius or there is a wind chill of below -10 degrees Celsius.

I have read and understand the above information.
